Boards of Directors and CEO Report

Звіт Ради Директорів та Управління

Chairman of the Board

Renewal and Transformation

2018 was a busy and productive year for BCU. We concentrated on sustained growth, consolidated our business model and focused on our strategic priorities. We parsed our business plan, prioritized near term goals and planned for our long term future. We took the opportunity to consider, to invest and to boldly transform to something better.

In the past year, your board of directors reviewed our digital strategy which continues to grow in importance, reflecting our members' growing preference for digital channels of service delivery. We paused the planned renovation of our Head Office at 2280 Bloor St West and focused on what would be the branch and the credit union experience of the future – the new member service experience.

Renewal

Your board of directors focused its attention to management succession and likewise took responsibility for its own renewal. It is imperative that board members have the right skills for the times and that the mix of skills and talents of our directors changes over time to ensure that your board can fulfill its governance and stewardship roles in a timely and effective manner. In the last three years, BCU welcomed four new board members, each of whom brings new skills, experience

and vitality to the role. As our business evolves, it requires renewal and new focus, so too do our board and management cadres. Concurrently, over the last few years, our management team has been revitalized and strengthened in such leadership roles as branch operations, commercial credit, marketing, human resources and IT. In 2019, we will continue to focus on other key succession areas, being branch management, treasury and finance, risk management and overall leadership. Your board and senior management have begun to assemble a new generation of credit union leaders who are ready, willing and able to seize the opportunities before us.

Transformation

Wealth Management

In the early months of 2018, BCU Wealth Management set its sights higher, guided by a goal to have a positive impact on the offering presented to our clients. So, BCUWM evaluated opportunities and rewards proposed by a myriad of potential new partners. With genuine excitement in what we were accomplishing, in September 2018, BCUWM began transitioning our clients to a new platform. The transition was essentially completed by mid-February 2019 and delivers for BCUWM new research and analytics, greater flexibility to pursue superior profitability and the opportunity to deliver discretionary portfolio man-

agement, a service essential for the effective management of assets for our foundations, churches and community organizations and the fulfillment of their respective board mandates.

In addition, BCUWM also secured a digital model for self-serve clients who also require a pre-selected choice of investments. BCUWM will be working throughout 2019 in order to complete and roll-out its new digital wealth management offering.

Once fully implemented, BCUWM will possess the suite of tools necessary to address all of the requirements of its clients and to expand, profit and strengthen communities.

How We Deliver Services

BCU focused on guiding the CU into the next technology era and harnessing the power of digital and data to grow and improve the customer experience and to improve productivity internally. BCU re-visited its digital strategy, specifically its banking offerings, including internet and mobile banking and the features and fees embedded therein. The BCU IT group, consisting of IT, branch operations and marketing leadership evaluated alternatives including: digital banking features, implementation times and costs, both one-time and on-going. As a result, commencing September 2019, BCU will begin to transform to a new digital banking platform which will enhance mobile banking and internet banking capabilities and provide the flexibility for full feature business banking.

On a second technology front, BCU contracted to upgrade its bank statement offerings including both paper and e-statement versions with easier statement contents downloads as well as enhanced capabilities to internally log and follow-up member queries and requests. This second major IT initiative will also commence roll-out in the latter part of 2019.

BCU has important strategic advantages, including solid capital in the form of retained earnings and we continue to invest and build on what works, facing the future with confidence, providing real value to our members more of whom choose to bank digitally.

The Numbers

Our assets increased \$24 million or 2.9% for the year to a total of \$855 million at December 31st. Together with BCU Wealth Management, our assets under administration topped \$980 million. Our deposits increased by \$8 million for a total of \$680 million while increasing our loans by \$34 million year over year.

More importantly, we took an important step in sustaining the growth we experienced in recent years. We focused on raising funds in the marketplace and immediately repaid any borrowed funds required in the short term. Second, BCU capped its securitization program at \$100 million, another move that would re-emphasize our long-standing organic growth model.

With the move to an upgraded banking system in 2017, unused accounts were more easily identified and became another focus of our attention during 2018. As such, members were invited to re-activate unused accounts or to consolidate 'old' Wira (Hamilton) or St. Mary's (Toronto) accounts. Consequently, a general clean-up of inactive accounts resulted in over 1,400 closed accounts, including personal, business and organizations' event accounts. This clean-up continues and is essential as we move to a more hands-off, active digital model.

Our net income before provisions and distributions was \$5.5 million or 65 basis points of average assets. Our total comprehensive income for the year was most affected by an increase in our loan provisions as BCU has commenced enforcement action by way of receiver against a long-time member and related parties to that member. As a result, loan provisions and related legal costs contributed to the reduced income of \$1.5 million for 2018 affecting only marginally regulatory capital which remained at a solid 8.0% of total assets at December 31, 2018. All other revenues and expenses remained consistent with

our current year growth and previous years.

Capital Deployment

Head Office – 2280 Bloor St West

In 2018, BCU parsed and re-drew its plans for renovation at our HO location at 2280 Bloor St West. Not only were members' needs and expectations for financial services changing rapidly, so too were those of the clients of BCU Wealth Management and the donors and supporters of BCU Foundation, all of which name 2280 Bloor St West as their home.

Consequently, in 2019, BCU will commence construction of the facility of the future for all of our stakeholders, while also complying with new accessibility legislation. Primarily, 2280 will serve as a model for the upgrade to all of our branches and locations. Rapidly changing member needs will be addressed, but so too will the work environment of BCU staff. The new work space will foster creativity and collaboration among peers while simultaneously allowing for independent work, social interaction and member ease of use. As our business model changes, so too must our environments if we are to continue to attract a younger member demographic and the best and brightest to our management and board leadership teams.

Back Office Location

In June 2018, BCU purchased a new 'back office', consisting of two commercial condominium units totaling some 7,500 square feet of space in the area of Centennial Park, Etobicoke. In the months that followed, our Accounting Department vacated our rented premises, directly across the street from our HO, at 2271 Bloor St West and re-located to our new 'back office' location.

In the coming months, each department located at HO will be re-located to this location ahead of the renovations at 2280 Bloor St West. As we expand our services, and in turn our staff, it is clear that a number of departments will remain permanently in the newly-acquired back office premises while member-facing staff returns to Bloor Street after the completion of the renovation.

Community Leadership

BCU continued to play a leadership role

in the community, both through active participation of our board and staff and through financial support to the many community initiatives and organizations funded throughout the year.

Together with BCU Foundation, BCU made a significant contribution of \$1.6 million to numerous charitable, non-profit, Church and community-driven causes. As the initial catalyst and regular contributor to the charitable foundation, BCU continues to invest in the community that inspired its creation and continues to support its growth and success.

Thank You, Our Members!

To our members, a wholehearted Thank you! Thank you for being positive about BCU. Thank you for promoting us with your family, friends and business partners. You, dear members, are our ambassadors, our best form of advertising – and for this alone, you deserve our gratitude and appreciation. For your trust and confidence and for your loyalty to us, we humbly say, thank you.

To our fellow directors, we acknowledge your hard work and dedication but more importantly, your commitment to our common community purpose, to our community financial institution.

To our management and staff, we say thank you not only for making a commitment to your work and to our members, but for your passion and commitment to your community.

BCU is a unique financial institution, born of the community it serves, growing with and supporting the community as it changes along with it. Together, we grow stronger and prosper. Together, we enrich our shared values. Together, we seize new opportunities for the benefit of our membership and for the community as a whole.

Реформування та Перетворення

Для ВСУ 2018 рік був насиченим і продуктивним. Ми зконцентрувалися на стійкому зрості потреб наших членів, консолідувавши модель нашого бізнесу і направили найбільшу увагу на стратегію бізнесу. Ми змінили наш бізнесовий план, поставивши пріоритетом виконання наших завдань на найближчий термін, що забезпечить виконання наших планів на майбутнє. Ми використали нагоду, зважили та інвестували у відкрите перетворення, у набагато кращі інвестиційні інструменти.

У минулому році Рада Директорів переглянула нашу стратегію електронічних послуг, яка стає все важливішою, відображаючи постійно зростаючі потреби наших членів у найновіших видах надання наших послуг. Враховуючи це, ми призупинили заплановану перебудову головного офісу при 2280 Bloor St West і переглянули у якій якості і який досвід буде потрібний у відділі у майбутньому – це буде абсолютно новий підхід до найкращого обслуговування нашого членства.

Реформування

Рада Директорів кредитівки направила свою увагу та діяльність на успішну роботу менеджменту, і при цьому взяла відповідальність за реформування також своєї діяльності. Найважливішим є те, що члени Ради Директорів матимуть правильні знання, навички управління на сьогодні, та потрібний досвід,

який змінюється з вимогою часу, і дасть певність, що вони зможуть ефективно виконувати свою роль у веденні кредитівки в майбутньому.

За останні три роки ВСУ прийняла чотири нових члени Ради Директорів, кожен із яких приніс нові навички і знання, новий досвід і нові ідеї.

Наш бізнес постійно зростає, розвивається та модернізується, а це вимагає змін і нових пріоритетів, так само це стосується до членів Ради Директорів та Менеджменту, а також кадрів кредитівки в цілому. За останніх кілька років команда нашого менеджменту оновлена та зміцнена такими ведучими посадами, які відповідальні за оперативність відділів, комерційні кредити, маркетинг, відділення кадрів та ІТ. У 2019 році ми продовжимо нашу увагу на підготовці наступних ключових позицій, від яких залежить успіх кредитівки, а саме: менеджмент відділів, ведення скарбниці, менеджмент ризиків та перегляд ведучих позицій в цілому.

Рада Директорів та члени Менеджменту почали підготовку генерації нових лідерів, які впевнені що готові прийняти нові виклики, що стоять перед нами.

Перетворення

Відділ Управління Майном

На початку 2018 року Відділ Управління Майном переглянув свою діяльність і вирішив внести зміни до діяльності з

метою мати більше впливу на послуги пропонувані нашим членам. Працівники відділу зважили можливості і вигоди від праці із новими партнерами. Отримавши новий потенціал і впевненість у успіху, у вересні місяці відділ Управління Майном почав переведення вкладів наших членів на нову платформу. Цей перехід був успішно закінчений у середині лютого 2019 року і дав відділу Управління Майном нагоду на кращі умови та аналітику, більшу гнучкість у досягненні найкращого заробітку. Нова платформа інвестицій дала нагоду найефективніше створювати портфель управління майном для клієнтів, а також можливість членам дирекцій громадських фондаций, громадських організацій та церков найефективніше управляти фондами.

Відділ Управління Майном забезпечив модель для клієнтів, які самі контролюють свої активи, та для клієнтів із невеликими сумами інвестицій. Відділ УМ буде працювати цілий 2019 рік з метою закінчення впровадження їх нових пропозицій у цифровому варіанті. Повністю впроваджена модель надасть нові інструменти нашим клієнтам, які допоможуть отримати найбільш ефективний прибуток, і це допоможе у фінансовій розбудові громади.

Як Ми Надаємо Послуги

ВСУ цілеспрямовано веде кредитівку в наступну технологічну еру і зростаючу силу комп'ютеризації, з метою зростання та покращення обслуговування наших членів, а також покращення продуктивності внутрішньої діяльності. ВСУ переглянула свою технологічну стратегію, специфічно у наданні банкових послуг, включаючи інтернет та послуги по мобільному зв'язку та кошти, які з цим пов'язані. Комп'ютерно Технічна група ВСУ, до якої входять відділ ІТ, менеджери оперативності відділів та маркетингу вивчили та оцінили різні альтернативи – одноразові та надовгий період часу, включаючи нові риси комп'ютерного обслуговування.

В результаті цих досліджень у серпні 2019 року BCU почне перехід на нову платформу комп'ютерного надання послуг, яка удосконалисть послуги через мобільний зв'язок та інтернет і надасть більше гнучкості для ведення фінансового бізнесу в майбутньому.

Досягнення BCU у цифрах

За минулий рік наші активи зросли на \$24 млн., тобто на 2,9% і станом на 31 грудня становлять \$855 млн. Разом з Відділом Управління майном BCU Wealth Management, наші активи під адміністративним управлінням перевищили \$980 млн. Депозити збільшилися на \$8 млн., і в загальному становлять \$680 млн., що збільшило наші кредити на \$34 млн.

По-перше, ми зробили важливий крок, що гарантує стабільність нашого фінансового зростання за останні роки. Ми направили увагу на зріст наших інвестицій на ринку. Це уможливило зібрання коштів на погашення короткотермінових позик. По-друге, BCU обмежила свій резервний капітал до \$100 млн., що ще раз підтверджує природню модель розвитку кредитівки на майбутнє.

З переходом на модернізовану банківську систему в 2017 р. неактивні рахунки наших членів стали одним із напрямків нашої уваги. Ми запропонували членам активувати такі рахунки, а для членів колишніх кредитівок «Vіra» (Гамільтон) та Святої Марії (Торонто) — об'єднати їх в один. Внаслідок цього, ми закрили більш як 1400 неактивних рахунків, включаючи приватні, бізнесові та рахунки громадських організацій. Оскільки ми переходимо до новішої електронічної моделі обслуговування, така «чистка» необхідна і буде продовжуватись. За минулий рік наш чистий прибуток перед резервами та розподілом склав \$5.5 млн., або 65 базових пунктів середніх активів.

Негативний вплив на наш загальний дохід за рік мав стан кредитів, оскільки BCU була змушена розпочати примусові дії проти довголітнього члена кредитівки та всіх причетних до цього члена. У результаті цього, стан кредитів та пов'язані із цим юридичні витрати знизили дохід кредитівки за 2018 рік на 1.5 млн. Впливаючи при цьому тільки на резервний капітал, який станом на 31 грудня 2018 року залишився

стабільно на позначці 8.0% від загальних активів. Всі інші види доходів та розходів залишилися стабільними відповідно до нашого зросту у цьому та попередніх роках.

Зростання капіталу

Головний офіс — 2280 Bloor St West

В 2018 році ми проаналізували та склали плани на реконструкцію приміщення головного офісу на вулиці 2280 Bloor St West. Швидкий розвиток нових відділів, таких як BCU Wealth Management та BCU Foundation, імплементація нових послуг та технологій, збільшення членства вимагають змін приміщень.

Тому, починаючи з 2019 року, BCU почне реконструкцію головного офісу, який стане моделлю для всіх інших відділів. Будуть враховані потреби працівників для забезпечення їх зручними робочими місцями, та потреби наших членів, зробивши приміщення легкодоступними згідно з новими законами. Ми повинні йти в ногу з вимогами часу та технологій, щоб залучати у наші ряди молоде покоління працівників і керівного складу.

Оскільки змінюється наша бізнес-модель, нам необхідно змінити середовище, щоб продовжувати залучати молодших членів та найбільш освічених молодих осіб для праці і наших керівних команд.

Новий офіс

У червні 2018 р. BCU придбала новий допоміжний офіс, що складається з двох комерційних приміщень загальною площею близько 7500 квадратних футів в районі Сентеніал парку в Етобіко. Наш бухгалтерський відділ звільнив орендовані приміщення за адресою 2271 Bloor St West і переїхав до нового офісу. Через те, що ми постійно розширюємо надання послуг для наших членів та через збільшення штату працівників, деякі з них залишаться на постійно у новому приміщенні після реконструкції офісу на Bloor St. Працівники офісів, які безпосередньо працюють з членами, повернуться до приміщення головного офісу після його реконструкції.

Лідерство в громаді

BCU продовжує відігравати провідну роль в громаді, як через активну участь

членів Ради Директорів та працівників, так і через фінансову підтримку багатьох громадських ініціатив та проектів. Спільно з Фундацією BCU Foundation, в минулому році BCU вклала в громаду \$1.6 млн. на різного роду проекти, для чисельних благодійних, неприбуткових організацій та церков. BCU продовжує інвестувати в громаду, яка також підтримує свою фінансову установу, і яка є її фінансовим фундаментом.

Дякуємо нашим членам!

Щиро дякуємо нашим членам за підтримку BCU. Дякуємо, що рекомендуєте кредитівку своїм знайомим та родинам, друзям та діловим партнерам. Ви, дорогі наші члени — наші посланці до громади, наша найкраща реклама. За вашу довіру до нас та підтримку, щира вам подяка.

Дякуємо членам Ради Директорів, які важко працюють та віддають свої знання та досвід нашій фінансовій установі. Нашому менеджменту та співробітникам ми дякуємо за прихильність та повагу до наших членів, та за відданість громаді.

BCU є унікальною фінансовою установою, яка заснована членами нашої громади, працює для громади, змінюється та зростає разом з нашою громадою. Разом ми стаємо міцнішими та процвітаючими. Разом ми збагачуємо наші спільні цінності. Разом ми використовуємо нові можливості на користь нашого членства та громади в цілому.
